

## REAL-TIME POLICING CONSULTING

Flock Safety will assess, identify, and recommend strategic policing methodologies to enhance the use of existing technologies for a more efficient and intelligence-rich response to police events in real time. Flock Safety will work collaboratively with Customer to develop a custom real-time policing plan, to include phased growth recommendations for the second, third, fourth and fifth year. Flock Safety’s real-time policing subject matter experts will be available as a resource to Customer throughout the length of the project.

There are two standard consulting tiers. Pricing is:

\$25,000      Tier 1 (12-month duration)  
 \$50,000      Tier 2 (24-month duration)

Custom pricing is available for both tiers, depending on customer needs.

Assessments	Tier 1	Tier 2
Assessment of the customer’s policing philosophy, elected representatives’ philosophy, and general community and business community sentiment towards policing	√	√
Assessment of the department’s organizational chart, allotted staffing, and current actual staffing levels	√	√
Assessment of the department’s current technology stack	√	√
Assessment of the customer’s crime data over a period of three to five years	√	√
Assessment of the customer’s traffic pattern data and traffic accident data	√	√
