How long can the temporary signs be up?

Every effort shall be made by the production company to pick up signs at the end of the day of filming. This not only provides citizens with an uncluttered city, but it also prevents the film location from being overrun with on-lookers and crowds.

Does the city require anything on the sign?

Yes. The city only requires the current permit number on the bottom right corner of the sign. This will allow Code Enforcement Officers to verify the signs within the right-of-way have a current and approved permit.

What happens if I do not get a permit for temporary signs?

According to [Section 66-18 \(f\)](#): Forfeiture of signs. Any sign installed or placed on public property, except in conformance with the requirements of this section, shall be forfeited to the public and subject to confiscation. In addition to other remedies hereunder, the city shall have the right to recover from the owner or person placing or maintaining such a sign the full costs of removal and disposal of such sign. This cost shall be the same as that established by city council for a sign permit application submittal fee. If you believe your signs have been confiscated, please contact [Code Enforcement](#) at 770-487-5731.

Do I need to contact the Police Department?
